

SEIFE?

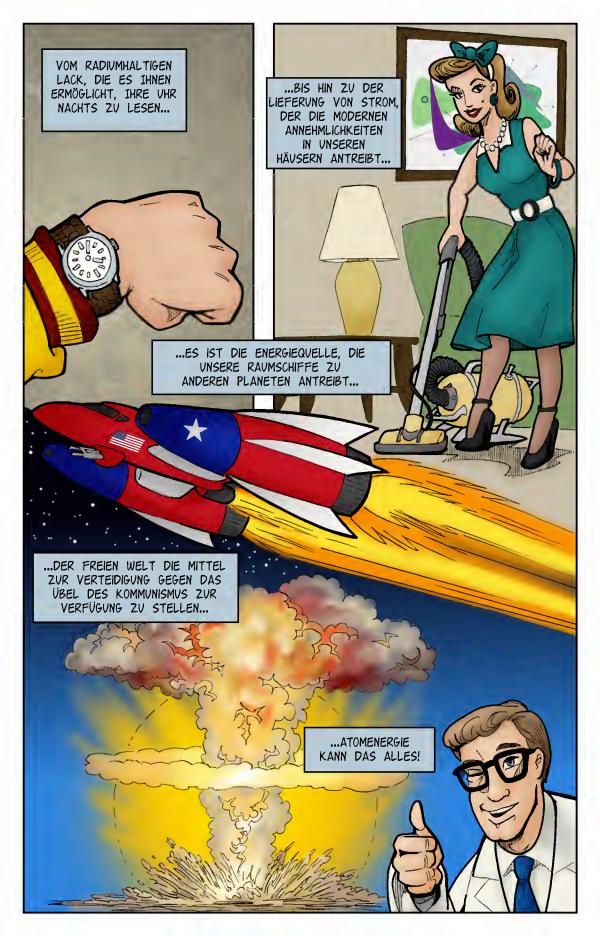

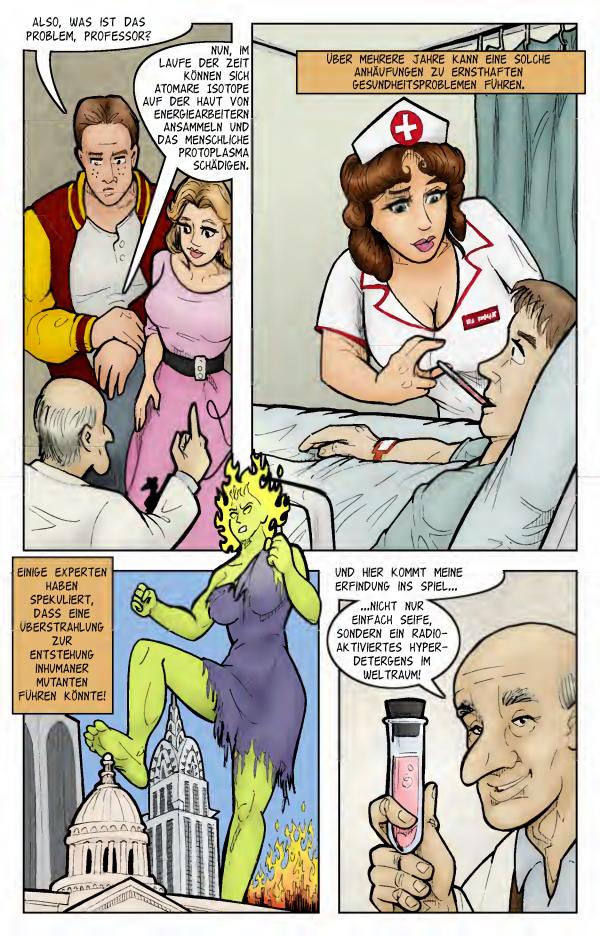

JA! DER UMGANG MIT PERSISTENTEN RADIOAKTIVEN PARTIKELN, DIE ALS UNERWÜNSCHTE NEBENPRODUKTE BEI DER NUTZUNG VON ATOMENERGIE ENTSTEHEN, DIE GEFÄHRLICH SEIN KÖNNTEN!

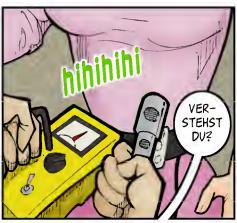

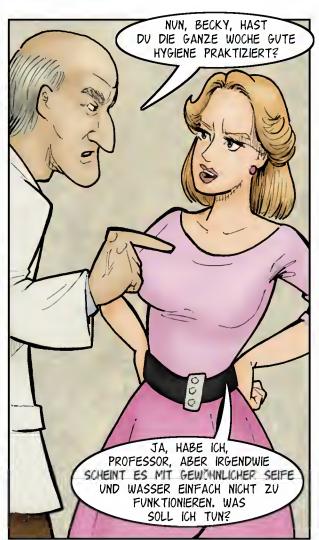

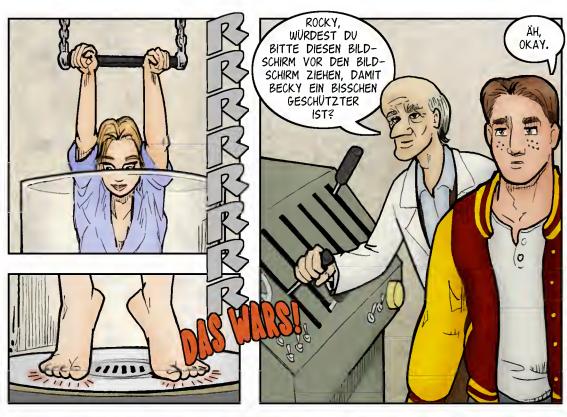

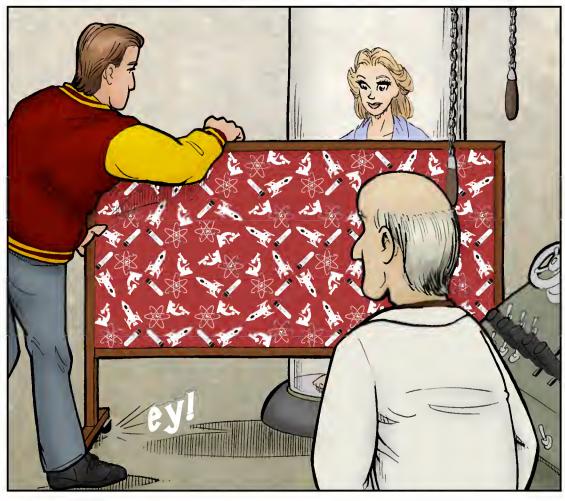

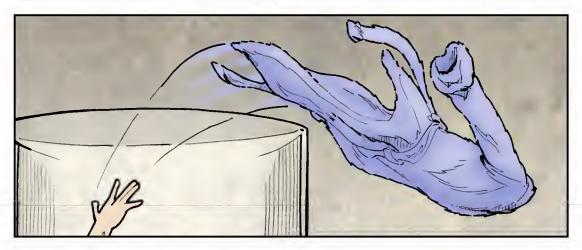

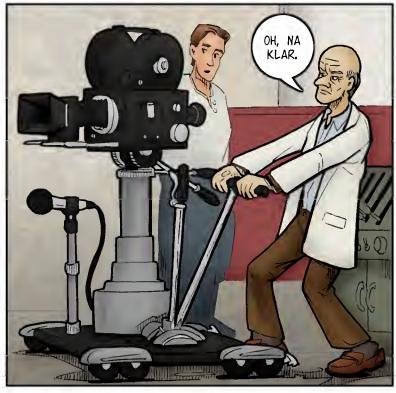

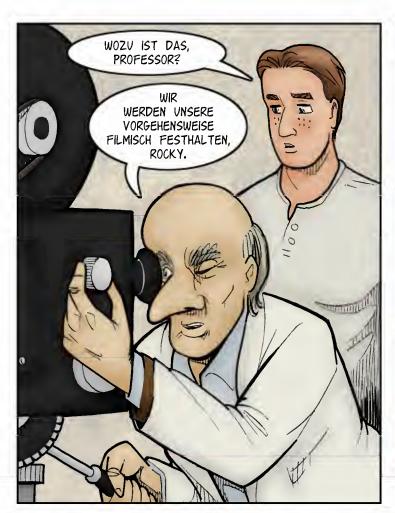

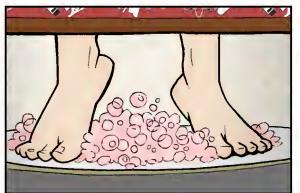

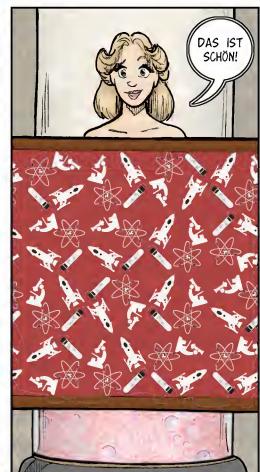

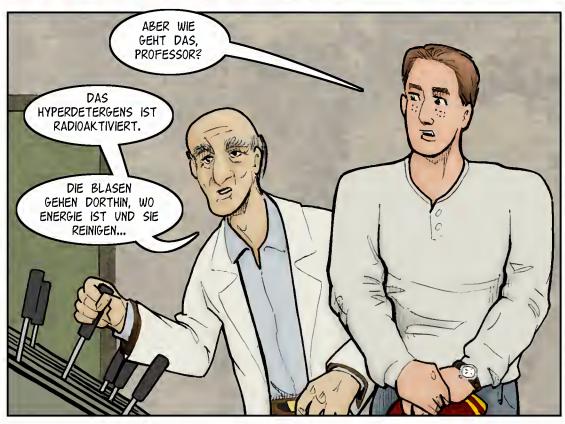

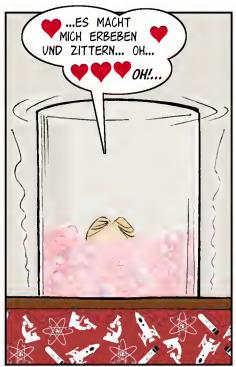

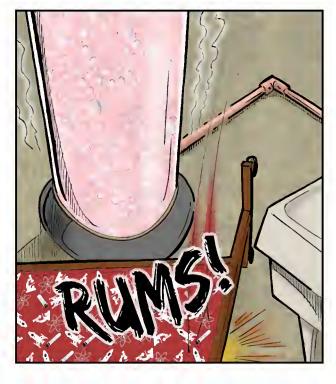

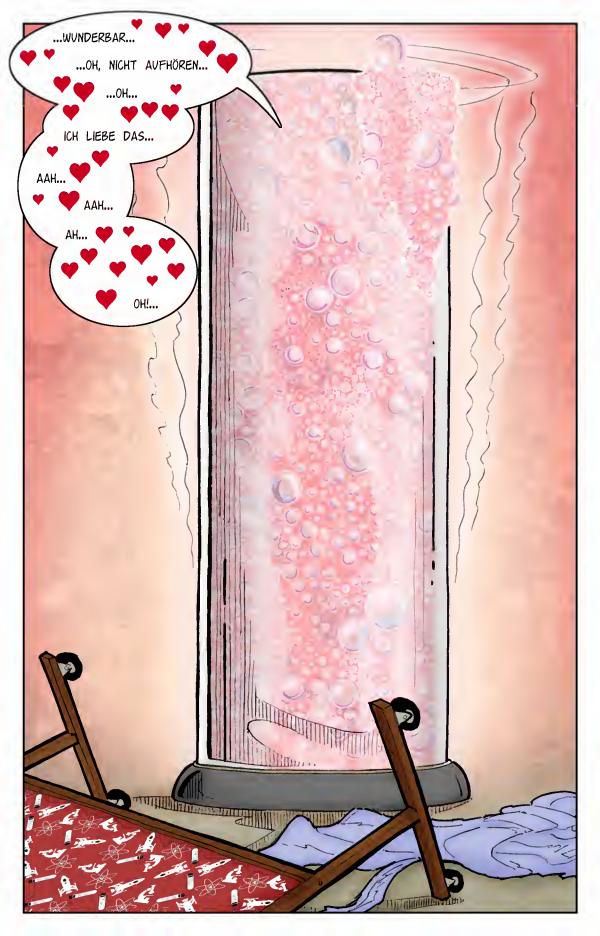

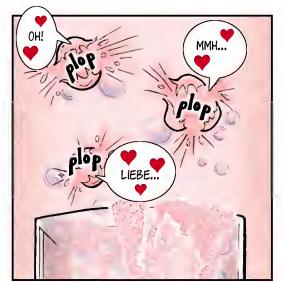

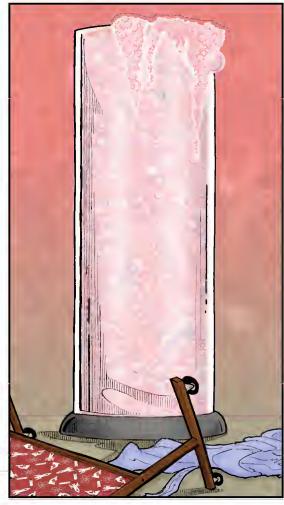

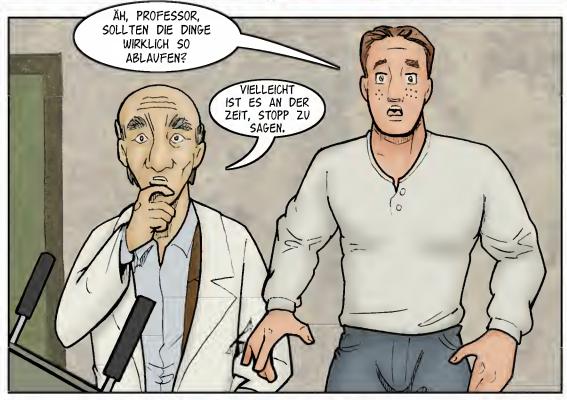

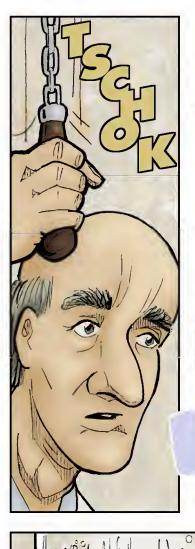

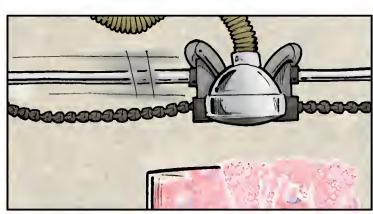

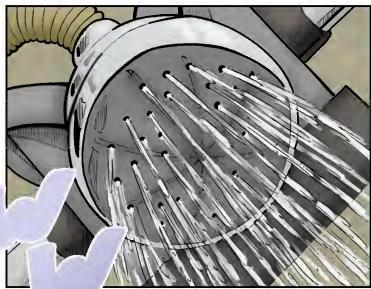

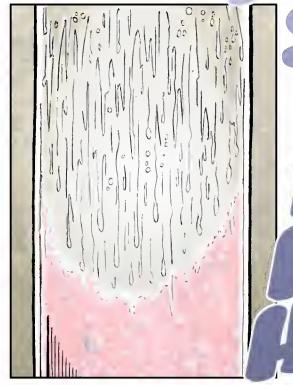

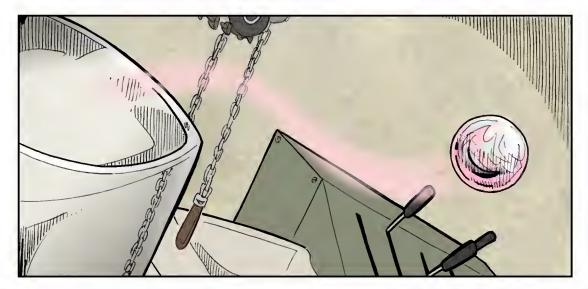

Wir werden dem Leser den langweiligen Bericht ersparen, wie zu diesem Zeitpunkt eine streng geheime US-Regierungsbehörde auf den Plan trat und Professor Zoltan Odbol aus einer Situation befreite, die sicherlich eine sehr unangenehme Rechtslage gewesen wäre.

Unnötig zu sagen, dass er jetzt für sie arbeitet.
